The Industry's Fastest Inspection System!

Reduce Measurement Time by Measuring Multiple Dimensions Instantly & Simultaneously

Core

Field of View: 1.70" x 1.40"

The Core is an optical profile inspection system that combines accuracy and precision with a fast, easy to use operator interface. The Core features the most advanced reliable software in the industry which captures a part in a digital format and converts the captured image into real dimensional data.

- User-Friendly Full-Feature Software
- Data Exportable to SPC Software
- Quick Return on Investment
